Military Families

Thank you for your service!
We'd like you to be our guest for
Operation Science Theatre,
a special matinee performance of
Miracle on 34th Street
on Saturday, November 16.

Before the show join us for interactive
displays that illustrate the science behind
what you see on stage! Students from
Purdue University Fort Wayne School of
Education & Society of Physics Students
will offer activities based on the science
found in producing the show.
